

Professional Environmental  
Engineering Services

### PRECISION LEAK DETECTION:

- Recognized by TSSA as a precision leak testing company for tanks & lines
- Line leak detectors can also be tested
- Cathodic protection system testing
- Statistical Inventory Reconciliation (SIR) service provider
- Petroleum facility compliance audits

### ECONOMICAL TANK REMOVALS:

- Product and tank disposal at licensed recyclers
- Soil testing and engineering report provided
- Associated clean-up if required (soil/groundwater)
- Commissioning new equipment

### Phase I to IV Environmental Site Assessments:

- PI - Visual & historical review - identifies potential contamination sources
- PII - Sampling & testing to confirm presence/absence of contamination  
- may evaluate soil, groundwater, designated substance or asbestos
- PIII - Delineation - further evaluation investigates clean up options/costs
- PIV - Remediation - clean up of contamination

### In Situ Remediation:

- Provides multiple alternatives to full scale site excavation
- In place chemical and biological treatment of contaminated soil and groundwater
- Use patent technologies that are guaranteed
- Possess a mobile Certificate of Approval from the MOE

### Qualifications & Affiliations:

- Certificate of Authorization (C of A) issued by the Professional Engineers of Ontario (PEO).
- Contractor certificates for Fuel Oil and Liquid Fuels issued by the Technical Standards and Safety Authority (TSSA).
- Mobile C of A issued by Ministry of Environment (MOE) permitting *In-situ* remediation
- Experienced environmental staff comprised of professional engineers (P. Eng.), environmental scientists, environmental technologists and licensed petroleum mechanics (PMH, PM2 and PM3).
- Member of the Ontario Petroleum Contractors Association (OPCA).
- Member of the Canadian Association of Independent Business (CFIB)
- Member of the local Chamber of Commerce
- Member of the Canadian Nursery Landscape Association (CNLA) and Landscape Ontario Horticultural Trades Association (LOHTA)

### Insurance:

TankTek maintains the following insurance coverage:

- \$5,000,000 Commercial General Liability Insurance
- \$3,000,000 Professional Errors and Omissions Insurance
- \$3,000,000 Third Party Pollution Insurance

TankTek also maintains \$2,000,000 of third party liability insurance coverage for each company owned vehicle.

Ontario Petroleum Contractors Association
